

CANADA RESEARCH CHAIR ON GLOBALIZATION, CITIZENSHIP AND DEMOCRACY

Postdoctoral Scholarship Program

In order to welcome postdoctoral scholars, the Canada Research Chair on Globalization, Citizenship and Democracy (Chaire MCD) at the Université du Québec à Montréal (UQAM) has created a postdoctoral scholarship program. Like the Chaire MCD itself, this program is driven by a spirit of collaboration, multidisciplinary opening and high-level scientific exchange.

Scholarship Description:

The Chaire MCD offers **10,000\$CAD six (6) month** and **5,000\$CAD three (3) month** postdoctoral scholarships. These amounts aim to cover the scholar's installation cost and living expenses for the period of her/his stay.

If necessary, an additional amount could also be allocated for the scholar's transportation (two-way flight ticket) upon presentation of a proof of purchase.

During the internship, the postdoctoral scholar will have access to a fully equipped office space with all the needed computer equipment (i.e. computer, internet link, intranet, laser printer). The Chaire MCD also offers office services (copy and fax machines).

The selection committee reserves the right to set the amount of the scholarship on the basis of the internship project according to the Chaire MCD's research objectives and of the budget's availability.

Admission Requirements:

- The candidate must hold a doctorate degree (PhD) in an other university than UQAM and to satisfy UQAM's postdoctoral internship requirements. (<http://www.src.uqam.ca/informations/stagiaires-postdoc.php>)
- The candidate must be familiar with the Chaire MCD's research objectives and guidelines (<http://www.chaire-mcd.ca/>). The candidate must also provide her/his resume and an internship project (1 to 2 pages) describing her/his research plans as well as the envisaged period of the stay.
- The Chaire MCD favours a multidisciplinary approach; therefore, the scholarship is open to applications from all fields of scientific knowledge. These applications are evaluated strictly on the basis of their relevance to the Chaire MCD's current research.
- A good command of French is required.

Selection Procedure:

A selection committee composed of the Chair Holder, the Research Directors and the Coordinator evaluate each candidacy.

The selected candidates will be contacted during the month following the application deadline in order to confirm the internship research program and the period of the stay.

The chosen intern will be responsible for obtaining a proper permit for his/her stay.

Application Deadline:

There is one selection period each year. The application deadline is **June 15th**.

Applications should be sent to:

By mail : Chaire de Recherche du Canada en mondialisation citoyenneté et démocratie
Université du Québec à Montréal - C.P. 8888, succursale Centre-Ville
Montréal (Québec) Canada H3C 3P8
